Good response. Let me know when you're ready for me to look at the draft presentation. I'll be in Eureka Mon and Tues next week and I'm on vacation the last week of July. As for procurement, I will get two done by next week: 1) for a notice in early September announcing a community site tour around the time of the stakeholder meeting and 2) another notice to run by the last week of September(which could be pushed to the first week of October) to announce 2 or 3 public input sessions during mid-October. While it doesn't appear we will require funds for a room fee or microphones, Sonya said she'll have some money left with her contractor should strategy change and this be needed.

Let me know if this sounds ok.

Jennifer

Hi Mark, As it turns out, we needed to delay another month. I think Peter Butler sent out email to the ARSG group.

EPA has no announcement planned. Jennifer Lane and I will be down on August 18th to present EPA results from last fall's sampling and discuss the CERCLA process.

Sincerely,

Sabrina Forrest
